Thunder Bay Regional Health Sciences Centre ROOM-3021A Auditorium A

PRESENTER

Dr. Adnan Qureshi
Professor of Neurology, Neurosurgery and Radiology, University of Minnesota

DESCRIPTION

Funded by the Heart and Stroke Foundation, in recognition of Dr. H.J.M. Barnett's outstanding contribution to the field of stroke. The Lectureship is hosted by Ontario medical schools on an annual rotation basis. The objective is to provide a forum where a distinguished expert in the field of cerebrovascular disease addresses current research and clinical practice.

OBJECTIVES

By the end of the program, participants will be able to:

1. Summarize the parameters that determine the results of both intravenous thrombolytic treatment and endovascular treatment for acute ischemic stroke
2. Identify strategies for optimizing the parameters for such treatments.
3. Implement recent changes in guidelines for treatment of acute ischemic stroke.
