

Three easy steps to make a stock donation that saves lives.

Step 1:

Please complete all sections of the securities transfer form attached.

For privacy reasons, your broker cannot disclose your name to us, so please complete the Donor Information section, including your daytime phone number with area code. Your advisor/broker will provide the CUSIP # which acts like a transaction number in case the transfer needs to be tracked.

Step 2:

Please notify Heart & Stroke for processing by faxing a copy of the completed transfer form to the number below.

This step is important because securities are transferred into our account without your name. We value every gift and want to provide you with an accurate tax receipt and appropriate recognition to honour your donation. Therefore, it is important for us to receive your name and address details.

Email: michelle.lam@heartandstroke.ca

Please note:

Stock-trading information should not be communicated electronically and therefore should not be submitted through email or left on voice mail.

Step 3:

Fax or send the completed transfer form to your broker or investment advisor.

Your broker or investment advisor is responsible for initiating the transfer.

Additional Information: Shares/stocks are considered legally transferred only when our custodial agent confirms delivery. Your receipt will be valued based on the closing price on the day when the shares are legally transferred to the Foundation's account at our custodial agent RBC Dominion Securities.

The Heart and Stroke Foundation's policy for the sale of donated securities is to sell the shares as soon as possible after they have been received.

Thank you for your generosity!
