

A lifesaving gift, a legacy of hope

Making a gift of securities

A step-by-step guide

Step 1:

Complete all sections of the Securities Donation Form.

Step 2:

Email a copy of the completed donation form to the Securities Administrator via email at securities@heartandstroke.ca. As securities are often transferred into our account without your name. We want to provide you with an accurate tax receipt in a timely manner and provide appropriate recognition to honour your generous gift. It is important for us to receive your name and address details via the completed transfer form.

Step 3:

Email the completed transfer form to your broker or investment advisor. Your broker or investment advisor is responsible for initiating the transfer. Please note that submitting this form does not complete your donation. To finalize your gift, you must contact your broker or investment advisor or initiate the transfer through your own direct investing platform.

Additional information:

Securities, shares and stocks are considered legally transferred only when our custodial agent RBC Dominion Securities confirms delivery. Your receipt is valued based on the closing price on the day when the shares are legally transferred to Heart & Stroke's account. Heart & Stroke's policy is to sell the shares as soon as possible after they have been received.

NOTE: The Heart & Stroke office will be closed from December 25, 2026 to January 1, 2027.

Donors are encouraged to make their Gift of Securities by December 15, 2026. All Gifts of Securities **received** by December 31, 2026 will receive a charitable tax receipt. Given the volume of gifts and our holiday closure, some donors may receive their charitable tax receipts in January 2027.
