**Single Side Swing**
Swing the rope on one side of your body. Open it up and jump through it and swing it to the other side. Open it up and jump through it again. Tip - keep hands together on side swing!

**Pretzel**
As the rope comes over your head, raise your right knee as high as you can. Just before you jump over the rope, tuck your right hand under the raised knee from the inside to the outside of your leg. To get out of the pretzel, as the rope comes overhead, do a side swing on the left side bringing the right hand across the body.
